

LAMB WESTON STEALTH

DIPPERS

Sharing food isn't just a trend it's the way people eat today.

Potato Dippers are made to be passed around, mixed, matched and dunked. Best served with three dips (a proven crowd-pleaser), they turn sharing into an experience that keeps customers coming back for more.

With a unique scoop-ready shape, crispy bite and light, share-friendly appeal, Potato Dippers fit effortlessly onto any menu. Their fresh-cut look and fun format feel less processed and more special — perfect for diners who want something they can't recreate at home.
